Office of Qualifications and Examinations Regulation (Ofqual)

LAMDA Examinations has been accredited as an awarding organisation by Ofqual, the Office of Qualifications and Examinations Regulation in England and the corresponding regulatory authorities in Wales (DCELLS) and Northern Ireland (CCEA). Ofqual was launched in April 2010 as the new regulator for qualifications, examinations and assessments.

The LAMDA qualifications below are accredited, ensuring transparency, consistency and fairness. They are part of the Qualifications and Credit Framework (QCF) and equate with other accredited QCF qualifications.

The Qualifications and Credit Framework (QCF)

The Qualifications and Credit Framework (QCF) is a credit-based qualifications framework, allowing a unit-based approach to building qualifications. All vocational qualifications will be placed on the framework by 2013.

The Diploma Catalogue

LAMDA Examinations accredited qualifications at Levels 1, 2 and 3 feature in the Diploma Catalogue in the UK. They are accredited as either Additional or Specialist Learning within Diplomas.

Additional and Specialist Learning (ASL)

Additional and Specialist Learning (ASL) provides learners with greater breadth (Additional Learning) and depth (Specialist Learning) of study and enables them to tailor their personal programmes to their own interests and aspirations. For learners: the subjects you choose as part of the ASL offer the opportunity to study a particular topic in more depth or to study something different that widens your experience. ASL will broaden your horizons and help to open up different opportunities in future study and employment.

The Role of Component Awarding Bodies (CABs) in the Diploma

In the UK the role of Component Awarding Bodies (CABs) in 2010 is to support centres and consortia in understanding the operational arrangements and Diploma processes in relation to the CAB's qualifications that contribute to the overall Diploma award.

A Component Awarding Body (CAB) offers the constituent qualifications that contribute to the Diploma including the ASL. CABs will register and support centres in delivering these constituent qualifications.

CABs support centres on administration surrounding the CAB's own qualifications in the ways outlined below, once the centre has been registered by the CAB for delivery of the qualification(s) in question. It does this by:

- a. Helping centres understand what they need to do to secure the assessment and award of a qualification. This will include communicating to the centres the administrative tasks leading up to the award of the qualification and the results being entered onto the Diploma aggregation service (DAS).
- b. Externally quality assuring the centre and its data submissions to ensure validity, accuracy, completeness and timeliness. This includes verifying the learner details referenced by the unique learner number (ULN), as far as they refer to the CAB.
- c. Supplying results data to the DAS within 10 days of qualifications being awarded in accordance

with agreed service levels and commercial terms.

- d. Verifying the relevant prior achievement of Diploma learners for the constituent qualifications they offer and updating DAS within 10 days of verifying a prior learning request.
- e. Investigating cases of missing results with centres, where the learner and their qualification are known on DAS and to the CAB.
- f. Working with centres and relevant Diploma Awarding Bodies (DABs) to ensure DAS holds all relevant constituent qualification results for learners receiving a Diploma award.
- g. Clarifying the timescales and requirements for enquiries or appeals, and handling them.

CABs will provide advice, guidance and support to centres on the above topics through their normal channels of support.

CABs will also support centres on curriculum-related issues, including providing guidance in curriculum planning and ensuring standards.

A Note on Language

English is used and explicitly expressed in all LAMDA Examinations syllabus specifications and assessment materials. Examinations are conducted in English. The language used in all syllabus specifications, assessment materials and during practical assessment is explicit, plain, free from bias and appropriate to the examination.

Whilst LAMDA offers examinations in Ireland and Wales, it does not offer examinations using Welsh (Cymraeg) or Irish (Gaeilge) languages.

Reasonable Adjustments

LAMDA Examinations offers open access to all examinations, irrespective of ethnicity, nationality, gender, religion, sexual orientation, disability, creed or marital status.

LAMDA Examinations will comply with the terms of all relevant UK legislation, including the Disability Discrimination Act 2005, with regard to access arrangements and reasonable adjustments to the examination process.

Such adjustments must be agreed before an examination to enable learners, who might not otherwise be able to do so, to demonstrate their attainment or competence.

Learners, teachers and/or centres on behalf of learners with particular needs, may apply for reasonable adjustments to be made to examination requirements by marking the learner entry form and submitting the entry with an Application for Reasonable Adjustment form.

Examination entry forms provide space for teachers and/or learners to bring to LAMDA Examinations attention any special circumstances or needs which the learner wishes to be considered. The learner will still be examined against standard criteria. The examination procedure or the environment may be adjusted to accommodate the specified circumstances.

In granting reasonable adjustments to the examination, cases will be judged on an individual basis.

Adjustments to the examination must not give the learner an unfair advantage over other learners.

Adjustments to the examination must not compromise the integrity of the examination or reduce its reliability or validity.

Learners, teachers and/or centres on behalf of learners may contact LAMDA Examinations directly if they wish to discuss specific reasonable adjustments for their learners, prior to submitting the entry and application form.

Learners requiring access to a Braille text for examinations that require a sight-reading should submit their Application for Reasonable Adjustment eight weeks before the examination session to allow for a Braille document to be produced.

All public examination centres have wheelchair access.

Special Considerations

A special consideration is a consideration given following a period of assessment for the learner who:

- was prepared and present at an assessment but who may have been disadvantaged by temporary illness, injury or adverse circumstances that have arisen at or near the time of assessment.
- misses part of the assessment due to circumstances outside their control (such as a fire alarm).

Examples of special considerations:

- terminal illness
- recent bereavement of member of immediate family
- incapacity
- recent traumatic experience
- flare-up of severe congenital illness such as epilepsy, diabetes or asthma.

LAMDA Examinations would expect provision and arrangement in place to enable the learner in special circumstances to complete assessment and thereby achieve the qualification/unit. Only when this is unsuccessful should an application for special considerations be made. All applications for special considerations will be made on a case by case basis. Special considerations must be submitted to LAMDA Examinations in writing, detailing the circumstances and enclosing the examination report form, within ten working days following the examination date.

A learner who is prevented by illness or other circumstances beyond his or her control from participating in an examination will, on production of evidence from a medical practitioner and/or employer to support the claim, be allowed to retake it at no additional cost at the next scheduled opportunity. LAMDA Examinations does not offer Aegrotat awards.

If an application is successful the learner's performance will be reviewed in the light of the available evidence

It is important to note that it will not be possible to apply special considerations in instances where assessment requires the demonstration of practical competence or where the criteria have to be fully met.

In these circumstances, where the assessments are demand-led assessments (Practical, Oral presentations, Performance-based assessment), LAMDA Examinations will offer the learners affected the opportunity to take the assessment again at a later date. If this is decided by LAMDA Examinations as the most appropriate action it will award a full or part Transfer Credit Voucher (TCV), refunding the fee to the learner(s) in question. A TCV is non-transferable and valid for one year only. For re-entry learners must complete an entry form, enclosing their vouchers and fee balance.

Unit 3: Demonstrating Practical Teaching Skills relating to Communication, Speech and Drama

A Pass is required in each Unit in order to qualify for the full certificate.

On completion of all three units the three results will be weighted to achieve the final result of either a Pass, Merit or Distinction. The weightings for each unit are as follows:

Overall Awarding for the Qualification

Unit 1 30%

Unit 2 50%

Unit 3 20%

To calculate the final result, LAMDA Examinations will calculate 30% of the Unit 1 mark, 50% of the Unit 2 mark and 20% of the Unit 3 mark. The three new figures will then be added to calculate the final band of attainment as indicated below.

Pass	50
Merit	65
Distinction	80

Sector Support

Support for the accreditation of The LAMDA Diploma in Communication, Speech and Drama Education (LSDE) was received from the Sector Skills Council Creative & Cultural Skills (CCSkills).

Qualification Level

The LAMDA Diploma in Communication, Speech and Drama Education (LSDE) is set at Level 5 in the Qualifications and Credit Framework (QCF).

Credit and Guided Learning Hours

Each learner who successfully completes this qualification will be awarded a credit value of 38 credits.

This qualification requires a minimum of 180 guided learning hours. Guided learning hours are defined as:

‘The measure of the substance of the qualification. It includes an estimate of the time that might be allocated to direct teaching or instruction, together with structured learning time, such as directed assignments, assessment on the job or supported individual study and practice. It excludes learner-initiated study.’

The notional learning time for this qualification is 380 hours. Notional learning time is defined as:

‘The time taken by the learner at the level of the unit/qualification on average to complete the learning outcomes of the unit/qualification to the standard determined by the assessment criteria.’

Entry Requirements

Minimum Age

Applicants must be at least 19 years of age prior to qualification entry.

Entry Requirements

It is recommended that applicants have successfully completed the LAMDA Certificate in Speech and Drama: Performance Studies, or equivalent qualifications, prior to registration.

Regulations for Entry

Applicants will not be entered onto the qualification unless they have:

- satisfied the entry requirements

Recognition of Prior Learning (RPL)

Appropriate previous experience and learning will be recognised and accredited by LAMDA Examinations.

Qualified Teacher Status in the United Kingdom

Those learners who have already obtained qualifications enabling them to teach in a primary or secondary school and therefore possess UK Qualified Teacher Status (QTS) or international equivalent teaching qualifications will be exempt part of Unit 3.

Learners with UK Qualified Teacher Status or international equivalent teaching qualifications will only be required to undertake five hours of Supervised Teaching Practice overall. Supervised Teaching Practice will therefore test the teaching skills already achieved in a speech and drama context.

LAMDA Examinations reserves the right to return the submission to the learner if it fails to comply with any part of the submission format mentioned in the syllabus.

Photographic, audio or video evidence may be included if appropriate to topic and purpose. Audio cassettes, CDs or DVDs must not be more than 15 minutes in length and must be footnoted and clearly referred to in the main body of work. Submission of recorded material is not obligatory. Two copies of the Portfolio of Evidence (which includes both the Analytical Overview and the Specialised Case Study) must be provided to LAMDA Examinations on submission.

Further information on submissions for the Portfolio of Evidence for this unit can be found in the Guide for Centres and Teachers.

Assessment Procedure

A LAMDA examiner will be responsible for assessing the submission against the relevant Assessment Criteria. This assessment may be moderated by a second LAMDA examiner. All examiners will have completed Qualified Teacher training (QTS) in the UK or an overseas equivalent. Each assessment will be marked against a marking scheme linked to the learning outcomes and assessment criteria of the unit.

Assessment Methods

There are two assessed tasks which the learner must complete.

1 A Scheme of Work

This should display practical and organisational skills in planning a series of lessons.

2 Teaching Practice Observations

This is divided into 2 parts:

- Internal Teaching Observations
- Assessed External Teaching Observation.

1 Scheme of Work

Content

The learner must complete a Scheme of Work, based on teaching practice experience. This will be an outline for a series of ten lessons on some aspect of Communication, Speech or Drama education of the learner's choice.

It must include the following over-arching information:

- general aim
- group size
- group age-range
- learning needs of the group.

And the following specific information for each individual lesson:

- aim
- learning outcomes
- length of lesson
- teaching strategies
- resources
- assessment strategies
- learning support
- evaluation/review
- future strategies, based on evaluation/review.

The Scheme of Work must also indicate continuity and progression, demonstrating how each lesson in the series meets the stated general aim.

Format

The Scheme of Work must be typed or word-processed, include footnotes of any quoted references and a detailed bibliography listing titles, authors and publishers. A front page with the learner's name, pin number and unit title must be attached to the submission. It is advisable that the submission indicates on each page, either in the footer or header, the unit number and the name of the registered learner submitting the Portfolio of Evidence. An Assignment/Portfolio of Evidence cover sheet must be attached to the Scheme of Work. The declaration of authenticity section must be signed by the learner. LAMDA Examinations reserves the right to return the submission to the learner if the learner fails to comply with any part of submission format mentioned in the syllabus.

Photographic, audio or video evidence may be included if appropriate to topic and purpose. Audio cassettes CDs or DVDs must not be more than 15 minutes in length and must be footnoted and clearly referred to in the main body of the essay. Submission of recorded material is not obligatory. Two copies must be provided on submission.

The Scheme of Work must be submitted one month before the final external observation of the learner takes place. It will be assessed by an external examiner.

2 Teaching Practice

Content

Internal Teaching Observation

The learner will be responsible for securing teaching practice with support from a nominated teacher with qualified teacher status in the UK or an international equivalent. The learner must inform LAMDA

Examinations of the nominated teacher on registration to the unit. The nominated supervising teacher will be responsible for assessing the learner's work against the relevant criteria set by LAMDA Examinations and submitting the report on the appropriate form.

The supervising teacher's report must be submitted by the supervising teacher after the completion of 20 hours (where applicable) of teaching practice.

The learner must also complete a Log Book and bring it to their external observation. The learner will discuss the content of the Log Book, the lesson observed by the external LAMDA examiner and any areas which the learner has identified as those for further Continuous Professional Development, at the conclusion of the external observation. A minimum of 20 minutes must be allowed for this element.

The Log Book may be kept in note format and may be word-processed or handwritten. It must include the following information:

- the amount of classes that were observed by the learner prior to real teaching
- the date and time of each class taught by the learner
- a short statement indicating the subject content of each class taught by the learner
- a short statement indicating the age group of each class taught by the learner
- a short statement indicating the size of each class taught by the learner
- a brief evaluation at the end of each lesson taught by the learner.

The Log Book must be verified and signed by the learner's supervising teacher. It will not be separately assessed but will be referred to and checked by the external examiner at the end of the assessed external lesson observation.

A LAMDA examiner will review the supervising teacher's report against the required standards.

A copy of the verified and signed logbook, along with the Supervising Teacher report, must be sent to LAMDA Examinations immediately following the External Observation.

External Observation

The learner will be externally assessed by being observed in a practical teaching session of a minimum of 40 minutes by a LAMDA examiner. The lesson must be based on some aspect of Communication, Speech or Drama, specifically linked to the learning needs of the student group. The group size must not be under four participants.

The learner must complete a detailed lesson plan for the teaching session to be observed, including the following information:

- group size
- group age-range
- learning needs of the group
- general aims
- proposed learning outcomes
- length of lesson
- teaching strategies
- resources
- assessment strategies.

The lesson plan must be submitted to the examiner on the day of the external observation, prior to the start of the session. Please note that the lesson plan will not be returned to the learner.

The learner will be required to formally request an external observation assessment date from LAMDA Examinations. The learner will be able to propose suitable dates for the assessment. However,

the External Observation assessment date proposed by the learner must be formally requested to LAMDA Examinations at least six weeks in advance.

The learner must complete the External Observation Request Form, giving details of the educational institution where the session will take place and offering no less than three alternative dates and times. LAMDA Examinations will approve one of these dates/times, according to examiner availability. A LAMDA examiner will be responsible for assessing the learner's work against the relevant Assessment Criteria.

Grading

Grades will be awarded at Pass or Fail for this unit

Certification

The learner will receive unit certification on successful completion of the unit.

Written Report

The learner will receive a written report about the Scheme of Work and the External Observation, which will describe the learner's achievement and, if applicable, criteria which were not met.

Re-takes

The learner may re-take any unit that is awarded a Fail. A fee will be charged.

Assessment and Grading Criteria

Unit 3: Demonstrating Practical Teaching Skills relating to Communication, Speech and Drama

In order to pass this unit the evidence that the learner presents for assessment needs to demonstrate that s/he can meet all the learning outcomes for the unit. The minimum assessment criteria requirement for a pass grade in this unit (which requires at least 50 marks) is shown in Column 1. Column 2 and Column 3 provide guidance for learners to gain a Pass grade with further marks which will be used to calculate the overall grading (Pass, Merit or Distinction) for the full qualification.
